Field-Experience Requirements

For this Certification, students are expected to complete two competency-based field experiences in K12 settings. One will be in an elementary setting and the other in a secondary setting.

1. The first field experience is the 1 credit EDL-599A Practicum requiring 200 clock hours. A student may begin the Practicum once the first three school building level educational leadership courses are completed. The Practicum may be in either the elementary or secondary setting.
2. The second field experience is the 2 credit EDL-599B Internship, requiring 400 clock hours. The Internship must be at the opposite school setting as the Practicum. For example, if the Practicum is completed in an elementary setting, then the Internship will be in a secondary setting.

A student may register for and begin the Practicum and Internship after completing three school building level educational leadership courses.

Students who are teaching in K-12 school settings may be eligible to complete their field experiences in their place of work. This should be discussed with the adviser early in the program so that appropriate arrangements can be coordinated.

2. Successful completion of the Practicum and Internship
3. Submission of a satisfactory standards-based electronic portfolio showing professional growth and accomplishments during the coursework and field experiences
