The Women's Studies major is a comprehensive program incorporating disciplines and registered programs from all the schools at St. Bonaventure University. The curriculum instructs women and men in a life of courage, of learning supported by the development of critical minds and a disposition to serve the larger community. To achieve this, the program offers specialized courses in content and theory, and promotes projects designed to integrate the insights of women's and feminist scholarship into the general curriculum. Fundamentally, we hope to continue to guide our students toward seeing the world through the prism of gendered

- Questioning the exclusionary functions of existing knowledge
