PREPARATION FOR THE PROFESSIONS

St. Bonaventure University recognizes the needs for entrance into certain professional fields and permits the student's preparation to meet these needs. These fields may include:

- Applied Psychology
- Business Administration
- Dentistry
- Engineering
- Law
- Medicine
- Osteopathy
- Pharmacy
- Veterinary Medicine

Upon selecting a course of study, the student, in consultation with an adviser, should determine the specific requirements of the graduate or professional school the student plans to attend in order to assure proper preparation for admission to the elected school. The student is advised to elect a desired major, while assuring that the specific requirements of the graduate or professional school are met.
